

AMENDMENTS TO THE CLAIMS:

Please amend the claims as follows:

1. -27. (Canceled)

28. (Currently Amended) An electronic book, comprising:

a link to an Internet web site, the web site providing a plurality of streaming video, audio and text data when connected to the electronic book, wherein the plurality of streaming video, audio and text data are provided in at least one hidden links table and the at least one hidden links table is provided in conjunction with downloading the electronic book; and

a control function wherein the control function allows selection of one or more of the plurality of streaming video, audio and text data, and wherein the selected data is displayed on a display of the electronic book,

wherein the hidden links table is updatable from a most current links table using information transmitted via the Internet web site.

29. (Original) The electronic book of claim 28, wherein the electronic book is adapted to be displayed on an electronic book viewer.

30. (Original) The electronic book of claim 28, wherein the electronic book is adapted to be displayed on a television.

31. (Original) The electronic book of claim 28, wherein the electronic book is adapted to be displayed on a personal computer.

32. (Original) The electronic book of claim 28, wherein the electronic book

is adapted to be displayed on a palm-sized viewer.

33. (Original) The electronic book of claim 28, wherein the control function, comprises:

a camera selection control that allows a user to select a camera angle from which is provided a video signal; and

a multiple screen function that provides for display of video signals from more than one camera angle.

34. (Original) The electronic book of claim 33, wherein the video signals are tiled for display.

35. (Previously Presented) The electronic book of claim 33, wherein a first video signal is provided in a picture-in-picture format with a second video signal.

36. (Original) The electronic book of claim 28, wherein the electronic book is stored on a device having a memory, and wherein one or more of the streaming video, audio and text data are stored in the memory.

37. (Original) The electronic book of claim 28, wherein the one or more of the plurality of streaming video, audio and text data are provided live with display of the link in the electronic book.

38. (Original) The electronic book of claim 28, wherein the connection to the Internet web site is completed using a wired communication system.

39. (Original) The electronic book of claim 28, wherein the connection to the Internet web site is completed using a wireless communication system.

40. (Original) The electronic book of claim 28, wherein the connection to the Internet web site uses an electronic link.

41. – 52. (Canceled)

53. (New) The electronic book of Claim 28, further comprising at least one first component with underline links that link to at least one second component, the at least one second component being located on one selected from a group consisting of the same electronic book, an other electronic book stored locally with the electronic book, an electronic book database, and a material source accessible via the Internet web site.

54. (New) The electronic book of Claim 53, wherein each of the at least one first component is assigned an identifying index value.

55. (New) The electronic book of Claim 54, wherein the index value is contained in the at least one hidden table.

56. (New) The electronic book of Claim 55, wherein the index value of the at least one hidden links table maps the at least one first component with underline links to the second component.

57. (New) The electronic book of Claim 28, wherein the hidden links table is purchased separately from the electronic book.

58. (New) The electronic book of Claim 28, wherein new links are added to the hidden links table during update of the hidden links table.

59. (New) The electronic book of Claim 28, wherein the hidden links table is

updated periodically.

60 (New) The electronic book of Claim 28, wherein the hidden links table is updated when a new electronic book is purchased.
